

WNY STEAM Conference

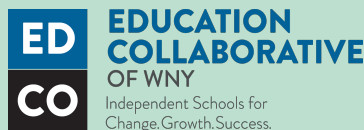

August 1st & 2nd

Hilbert College

The EdCo WNY STEAM Conference, hosted by Hilbert College, will bring educators from Western New York together to learn about and discuss STEAM (Science, Technology, Engineering, Art, and Math) Education in K-12 private, independent, charter and public schools. The conference will include sessions that cover all aspects of STEAM with sessions led by K-12 teachers, college and university professors, and STEAM industry professionals. In addition to the conference on August 1st, in-depth STEAM workshops will be held at various sites on August 2nd.

This year EdCo has partnered The WNY STEM Hub and NYSCATE, which will enhance the experience for all participants in many ways including an opportunity to see new and exciting STEAM based tools.

Registration is FREE!

Visit our website for more information, to submit a workshop proposal and attend.
